**Part 3: Program-Specific Provisions and Assurances**
☒ I certify my acceptance of and compliance with all program-specific provisions and assurances listed below.

#	Provision/Assurance
1.	The applicant provides assurance that program funds will supplement (increase the level of service), and not supplant (replace) state mandates, State Board of Education rules, and activities previously conducted with state or local funds. The applicant provides assurance that state or local funds may not be decreased or diverted for other purposes merely because of the availability of these funds. The applicant provides assurance that program services and activities to be funded from this grant will be supplementary to existing services and activities and will not be used for any services or activities required by state law, State Board of Education rules, or local policy.
2.	The applicant provides assurance that the application does not contain any information that would be protected by the Family Educational Rights and Privacy Act (FERPA) from general release to the public.
3.	The applicant provides assurance that all homeless children and unaccompanied youth have equal access to the same free, appropriate public education, including a public prekindergarten programs in accordance with TEC 29.153, as provided to other children and youth.
4.	The applicant provides assurance that it will review and revise any policies that may act as barriers to the identification, enrollment and retention of homeless children and unaccompanied youth; including policies related to outstanding fees, fines, absences, proof of residency, immunizations, birth certificates, guardianships, school records, transportation and other documentation.
5.	The applicant provides assurance that it will provide access to educational and other services needed for homeless children and unaccompanied youth, to ensure that such children and youth have an opportunity to meet the same challenging state academic standards to which all students are held.
6.	The applicant provides assurance that the use of subgrant funds will comply with section 722(g)(3) through (7) of the McKinney-Vento Homeless Assistance Act.
7.	The applicant provides assurance that all homeless children and unaccompanied youth receive prompt and appropriate placement in programs such as: Special Education, Career and Technical, Gifted and Talented, and Bilingual/ESL Education.
8.	The applicant provides assurance that all data requests from TEA and any entity acting on the behalf of TEA are accurately and promptly reported.
9.	The applicant provides assurance that midyear and end of year performance evaluation reports are submitted for each year grant funds are received.
10.	The applicant provides assurance that it will collaborate with district stakeholders to implement and monitor early warning academic interventions, to ensure on time promotion and graduation for homeless children and unaccompanied youth.
11.	The applicant provides assurance that collaboration will occur with the homeless liaison and district stakeholders for proper identification and coding of homeless children and unaccompanied youth.
12.	The applicant provides assurance that services provided by grant funds will not replace regular academic programs.
13.	The applicant provides assurance that all identified and enrolled homeless children and unaccompanied youth are accurately reported in TSDS PEIMS in a timely manner.
14.	The applicant provides assurance of collaboration with local social service agencies to provide support services and community resources for homeless children, unaccompanied youth and their families.
15.	The applicant provides assurance that all homeless children and unaccompanied youth receive free meals and transportation to the school of origin, when requested by the parent, guardian, or unaccompanied youth, if it is deemed in the best interest of the student.
16.	The applicant provides assurance that performance and fiscal monitoring reports are submitted for each year grant funds are received.
17.	The applicant provides assurance that it will remove barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs.

Amendment # (for amendments only):

I, as one of the below member entity authorized officials, certify that to the best of my knowledge, the information contained in this application is correct and complete, that the entity that I represent has authorized me to file this application, and that such authorization action is recorded in the minutes of the local agency's board meeting.

The participating or intermediate education agency named has been designated as the administrative and fiscal agent for this project and is authorized to receive and expend funds for the conduct of this project. The fiscal agent is accountable for all shared services arrangement (SSA) activities and is therefore responsible for ensuring that all funds including payments to members of SSAs are expended in accordance with applicable laws and regulations.

All participating agencies have entered into a written SSA agreement that describes the responsibilities of the fiscal agent and SSA members, including the refund liability that may result from on-site monitoring or audits and the final disposition of equipment, facilities, and materials purchased for this project from funds specified below.

It is understood that the fiscal agent is responsible for the refund for any exceptions taken as a result of on-site monitoring or audits; however, based upon the SSA agreement, which must be on file with the fiscal agent for review, the fiscal agent may have recourse to the member agencies where the discrepancy(ies) occurred.

Any additional funds that result from an increase will not require additional signatures. **Each member identified below acknowledges accountability for the requirements contained in the provisions and assurances listed in Schedule #2, Parts 2 and 3, as applicable.** Each member entity certifies its agreement to participate in this SSA, as stated throughout this grant application.

Amendment # (for amendments only):

**Part 1: Submitting an Amendment**

This schedule is used to amend a grant application that has been approved by TEA and issued a Notice of Grant Award (NOGA). **Do not submit this schedule with the original grant application.** Refer to the instructions to this schedule for information on what schedules must be submitted with an amendment.

An amendment may be submitted by mail **or** by fax. Do not submit the same amendment by both methods. Amendments submitted via email will not be accepted.

If the amendment is mailed, submit three copies of each schedule pertinent to the amendment to the following address: Document Control Center, Grants Administration Division, Texas Education Agency, 1701 N. Congress Ave., Austin, TX 78701-1494.

If the amendment is faxed, submit one copy of each schedule pertinent to the amendment to either of the following fax numbers: (512) 463-9811 or (512) 463-9564.

The last day to submit an amendment to TEA is listed on the [TEA Grant Opportunities](#) page. An amendment is effective on the day TEA receives it in substantially approvable form. All amendments are subject to review and approval by TEA.

**Part 2: When an Amendment Is Required**

For all grants, regardless of dollar amount, prior written approval is required to make certain changes to the application. Refer to the "When to Amend the Application" guidance posted in the Amendment Submission Guidance section of the Grants Administration Division [Administering a Grant](#) page to determine when an amendment is required for this grant. Use that guidance to complete Part 3 and Part 4 of this schedule.

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

**Opening Statement:** On August 25, 2017, Hurricane Harvey made landfall. Over the course of a four-day period, many counties in its path received more than 40 inches of rain, which caused catastrophic flooding, billions of dollars in damages, and left a sickening number of people homeless. Calhoun County ISD is situated in Calhoun County, which was one of these Hurricane Harvey impacted counties (**Hurricane Harvey designated disaster county 10 pts**). In addition to the target area being affected by Hurricane Harvey, over 18.1% of the individuals are living in poverty (**Source:** American Fact Finder), which inevitably causes even more individuals to lose their houses due to foreclosures or other misfortune.

**The proposed program is appropriate to and will successfully address the needs of the target population or other identified needs. (8 pts)** The district's grant program was tailored to successfully address the needs of the students who were made homeless by Hurricane Harvey, or from the financial constraints their families face. The district will accomplish successfully addressing the needs of this target population by incorporating all the grant requirements. These include, but are not limited to: Coordinating with other local and state agencies that serve homeless children; Facilitating the identification, enrollment, and educational success of homeless children; Promoting the meaningful involvement of parents/guardians in their student's education; Integrating students into the regular education program; Coordinating grant services with Title I, Part A reservations; and Providing professional development trainings that increase the teachers ability to respond to needs of homeless students. Grant funds coordinated with district funds will help alleviate needs faced by homeless children and their families.

Furthermore, the district plans to evaluate student outcomes by reviewing attendance rates before and after the grant funding period to ensure the students attendance rates increase and; thereby, increase their chance of being promoted. Additionally, Calhoun County ISD will assess benchmarks, classwork, report cards, and state administered exams to determine the progression of the students' academics during the grant funding period. Lastly, the district will develop a sustainability plan to continue the grant after the grant period has come to an end. Through these proposed measures, the district will successfully address the needs of the target population.

**The design of the proposed program reflects up-to-date knowledge from scientifically based research and effective practice. (4 pts)** The district decided to pursue this grant opportunity due to the fact that they believe they are most in need of new/innovative activities that promote the academic and overall success of students experiencing homelessness.

Due to the fact the district was significantly affected by Hurricane Harvey, the district took it upon itself to also conduct a Community Needs Assessment to determine the Number of Homeless, Economically Disadvantaged, and Low-Income Individuals that are living throughout the surrounding community.

COMMUNITY DEFICIENCIES		
Need	Percent	State
Percent of Individuals With a High School Diploma	80.5%	82.3%
Percent of Individuals Considered to live in Poverty	18.1%	16.7%
<b>Source:</b> 2014 American Fact Finder		

As seen in the Needs Assessments above, the district is in dire need of the Texas Education for Homeless Children and Youth (TEHCY) Grant. Due to the location in relation to the Hurricane, and limited resources, the district lacks the resources, finances, and intervention necessary to identify and remove barriers for children and youth experiencing homelessness, as well as, ensure that students in these circumstances have equitable access to all the support and resources needed to meet the same challenging state academic standards established for all students. Therefore, if awarded the TEHCY Grant,

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

Calhoun County ISD will not only utilize grant funding to facilitate the identification and removal of student barriers, but will partner with community partners, social service providers, and federal and academic programs to reduce the financial constraint the district would face if they were assigned to address this task solely. **The program activities relate directly to the program goals, local objectives, and strategies. (4 pts)** The district will implement a program that relates directly to the TEHCY Grant goals, objectives, and strategies. The proposed program will support students who are suffering from homelessness by offering the activities listed on page 24. These activities will assist teachers in identifying and removing the barriers that prevent students from succeeding academically. Additionally, the proposed program will contract the local Region 3 ESC to provide professional development opportunities and heighten teachers understanding of homeless students. This increase in understanding will make teachers more effective and will ultimately result in an increase in student academic performance.

**Objectives, strategies, activities, and desired results are clearly specified and are measurable. (4 pts)**

The objectives the district wishes to achieve by receiving grant funding include: Increasing the Attendance Rates for Homeless Students; Increasing the Promotion Rates for Homeless Students; Increasing State Assessment Scores for Homeless Students; and Collaborating with various community partners, social service providers, and federal and academic programs to assist homeless students become integrated into the regular education program.

To ensure these objectives are met, Calhoun County ISD will implement a Response to Intervention (RtI) approach that contains High-quality, research-based instruction matched to meet the needs of each student. This approach will enable Calhoun County ISD to tailor the academic program to each individual student; thus, increasing promotion rates and state assessment scores. Additionally, Calhoun County ISD has a designated McKinney-Vento homeless representative that is responsible for identifying, enrolling, and increasing the educational success of homeless children and unaccompanied youth. This identification and enrolling process provided by the representative, along with grant funded resources will ensure that attendance rates increase. Lastly, Calhoun County ISD will appoint a contact person to act as the voice of the district during the term of the grant and ensure Calhoun County ISD is collaborating with various community partners, social service providers, and federal and academic programs.

**Strategies/activities are of sufficient quality and scope to ensure participation among all eligible participants. (5 pts)** The district will implement strategies and activities that are of sufficient quality and scope to ensure equitable access and participation. The district has selected an array of activities designed to increase academic performance, student attendance, and raise promotion rates. These activities include, but are not limited to:

- Provide homeless students with the items needed to complete their coursework (pens, paper, drives, hotspots, etc.);
- Provide homeless students with additional academic mentoring and tutoring to ensure they can meet the same challenging state academic standards the state establishes for other children and youth;
- Provide professional development to teachers which will assist them in correctly identifying the barriers students are facing and how to provide more effective instruction for the target population;
- Reduce the financial constraint families of homeless students are facing by paying the fees that are associated with tracking, obtaining, and transferring student records, as well as, providing student transportation to school; and
- Host Parent-Student meetings to assist in the increase of attendance rates.

**On-going commitment to the goals of this grant program and other sources committed to the program beyond grant funding:** The district has ensured that they have received buy-in from all participants, including the school board, district and campus administrators, participating teachers, partnering community partners, partnering social service providers, and representatives from the collaborating federal/academic programs. Throughout the term of the grant, the district will continue to meet with stakeholders to solicit feedback and modify the goals and objectives of the grant; thus, ensuring continued support of the program. The acquired resources coordinated with Title I, Part A, McKinney-Vento Homeless Assistance, Every Student Succeeds Act (ESSA), and state compensatory funds will ensure student success is continued after the grant funding terminates. For this grant submission, all provisions, statutory and program requirements, as well as, the evaluation rubric questions were answered in their appropriate section. **(Application is organized and completed according to instructions-5 points)**

Percentage limit on administrative costs established for the program (8%):	× .08
Multiply and round down to the nearest whole dollar. Enter the result.	\$1,302
This is the maximum amount allowable for administrative costs, including indirect costs:	

NOTE: Indirect costs are calculated and reimbursed based on actual expenditures when reported in the expenditure reporting system, regardless of the amount budgeted and approved in the grant application. If indirect costs are claimed, they are part of the total grant award amount. They are not in addition to the grant award amount.

Indirect costs are not required to be budgeted in the grant application in order to be charged to the grant. Do not submit an amendment solely for the purpose of budgeting indirect costs.

If selected for a competitive grant, your award amount will be the lesser of the grand total of budgeted costs as stated on this schedule (the box with the bold outline), or the sum of all line items listed on this schedule, or the maximum allowable award amount. TEA is not responsible for math errors.

**The costs reflected in the budget are appropriate for the results expected. (7 pts)** The requested amount of \$16,275 for the 2018–2019 Texas Education for Homeless Children and Youth (TEHCY) Grant is reasonable, cost-effective, and adequate to support the program. The budget is reasonable when considering it will target 217 students and abides by the formula provided from TEA (Total Number of Students × \$75).

**The budget, including personnel, materials, and other identified expenses, adequately supports the activities outlined in the grant proposal. (10 pts)** The district incorporated into the grant design all the grant requirements in order to offer high-quality programming through each grant component proposed. All expenses on the budget adequately support the activities in the grant proposal. Moreover, the district took into account expenses that are reasonable and necessary in order to meet the objectives the proposed program. All expenses are based on the current approved rate at the district.

Due to the lack of funding seen at the district, Calhoun County ISD is unfortunately not able to sufficiently identify and remove barriers for children and youth experiencing homelessness; therefore, the proposed activities do not supplant current activities.

**Strategies and activities are of sufficient quality and depth to ensure accomplishment of the goals and objectives of the program according to the relevant statute. (5 pts)** In order to ensure that the activities are based on an objective set of measures, the following reports were reviewed: Texas Academic Performance Report (TAPR), and the 2014 U.S. Census Report. These reports were utilized to complete the table seen above, as well as, complete the needs assessment seen on page 19.

Additionally, based on the information gathered, it was determined that the district is in need of funds to Increase Attendance Rates; Increase Promotion Rates; and Increase State Assessment Test Scores. Program activities that were selected to be used in this grant program were researched to determine the validity of each activity and if evidence-based research was available to support the ability to impact the district's needs.

**Schedule #13—Needs Assessment**County-district number or vendor ID: **029-901**

Amendment # (for amendments only):

**Part 1: Process Description.** A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired outcome or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. If this application is for a district level grant that will only serve specific campuses, list the name of the campus(es) to be served and why they were selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

**Needs assessment methodology is provided... proposed program is significant. (10 pts)** The district decided to pursue this grant opportunity due to the fact that they believe they are most in need of new/innovative activities that promote the academic and overall success of students experiencing homelessness.

**Current Achievement:** There is not enough funding allocated in the district budget (\$550) to meet the supplies, nutritional needs, and professional development training needs of the district. Through these \$16,275 in grant funds, the district can enhance its current services.

**Needs Assessment Process:** Due to the fact the district was significantly affected by Hurricane Harvey, the district took it upon itself to also conduct a Community Needs Assessment to determine the Percentage of Individuals With a High School Diploma and the Percentage of Individuals living in poverty that are living throughout the surrounding community.

**COMMUNITY NEEDS ASSESSMENT**

Need	Target Area	State
Percent of Individuals With a High School Diploma	80.5%	82.3%
Percent of Individuals Considered to live in Poverty	18.1%	16.7%

**Source:** 2014 American Community Survey

**Description of how needs are prioritized:** The district met with key stakeholders to review the results of the needs assessment and determine how to best prioritize the district's needs. During these meetings, gaps, barriers, and weaknesses were identified and key qualitative and quantitative dimensions that support prioritization were applied. The following areas were identified as areas in need:

**Professional Development (PD)** – As seen above, the students are having a difficult time meeting the same challenging state academic standards established for all students. Therefore, PD is needed to heighten teachers understanding of homeless children. By becoming more understanding of the needs of homeless children, the district believes that teachers will be more effective and increase student test scores on state exams; and,

**Services for Target Population** – As seen above, the district has an extremely low attendance rate. This low attendance rate contributes to students not being promoted and not meeting standards on state exams. Therefore, the district will utilize funds to attract, engage, and retain homeless children/youth in school thereby, increasing attendance rates, as well as, promotion and academic test scores. **Desired Outcome:** With grant funding and collaboration between all stakeholders and various Title I, Part A programs, the district wants to be able to successfully identify and remove barriers for children and youth experiencing homelessness, as well as, provide students in these circumstances with equitable access to support and resources that increase their state administered test scores.

**Part 2: Alignment with Grant Goals and Objectives.** List your top five needs, in rank order of assigned priority. Describe how those needs would be effectively addressed by implementation of this grant program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Identified Need	How Implemented Grant Program Would Address
1.	<p>Increase the promotion rate of homeless students</p> <p><b>Needs have been identified and strategies to address those needs have been described. (10 pts)</b></p>	<p>In order to improve the promotion rate of the homeless students noted in the district's needs assessment, Calhoun County ISD will provide professional development (PD) that heightens teachers understanding of homeless students. This PD will make the teachers more effective teachers; thus, increasing promotion rates. Additionally, to ensure students can take advantage of the more effective instruction, Calhoun County ISD will provide homeless students the school supplies needed to complete their coursework (pens, paper, etc.).</p>
2.	Increase the number of homeless students who meet or exceeded progress on the STAAR.	The district will address these low academic scores by providing students additional academic learning opportunities. These opportunities could include but are not limited to: peer-to-peer mentoring, teacher tutoring, before/after-school homework assistance, and educational software that is directly linked to increasing student achievement on state administered tests.
3.	According to the eligibility list provided by TEA, the district has <b>65%</b> of its student population classified as economically disadvantaged, in comparison to <b>59%</b> for the State.	In order to ensure the district addresses the needs of these economically disadvantaged and homeless children, the district will financially assist students and their parents in any way possible. Some of these activities could include but are not limited to: Referral services to medical, dental, mental, and other health necessities; Transportation to school; and Payment of fees and other costs associated with tracking, obtaining, and transferring student records (i.e. birth certificates, immunization academic records).
4.	Increase parental and student attendance at school and at parent activities.	The district will increase the attendance rate by utilizing funds to attract, engage, and retain homeless children/youth in a school environment. Some of these activities could include but are not limited to: Holding meetings with parents to involve them in their student's education; Immediate student enrollment – even without required registration documents; Transportation to the school; Free school lunch; and Exemption from residency and attendance rules for participating in school sports (i.e. rules requiring a year of school residency prior to being eligible for sports at that school).
5.	<p>The targeted area surrounding Calhoun County ISD has many individuals that are living in poverty.</p> <p>In fact, <b>18.1%</b> of the individuals are considered to live in poverty, in comparison to the State's average of <b>16.7%</b>.</p>	To reduce the high number of individuals that are considered low-income, Calhoun County ISD wants to increase the number of students who complete high school and attend an IHE. The district intends to increase their student completion rates by providing them with services that can include, but are not limited to: School supplies; Before/After-school tutoring; individualized student instruction, etc.

**Part 3: Feedback and Continuous Improvement.** Describe the process and procedures your organization currently has in place for monitoring the attainment of goals and objectives. Include a description of how the plan for attaining goals and objectives is adjusted when necessary and how changes are communicated to administrative staff, teachers, students, parents, and members of the community. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

***Procedures ensure feedback/improvement in the operation of the program through ongoing monitoring. (3 pts)***

In order to solicit feedback and continuously monitor the attainment of goals and objectives, the district asks all stakeholders to participate in surveys and answer questionnaires on a regular basis. In addition, the district has established a procedure and schedule for internal monitoring that includes: Conducting student and family surveys/questionnaires to determine the quality of the programs provided; Ensuring all participants are accounted so the district can accurately track participants' attendance; Monitoring data entry and security procedures in order to ensure the program remains in compliance; Conducting teacher and parent surveys and questionnaires to determine if participants' academics and attendance have improved; Conducting staff surveys to determine the quality of professional development being provided; and Reviewing expenditures to ensure the program is staying within budget and all activities are being implemented.

***Level of involvement to the program of all participants, including management, staff, collaborators and partners, is sufficient to ensure the successful implementation of the program goals, objectives, and activities. (4 pts)***

In order to ensure that all program participants remain committed to the success of the program, the district has ensured that they have received buy-in from district and campus administrators, teachers, parents, school board members, community partners, social service providers, and the representatives of the federal and academic programs that the TEHCY Grant is partnering with. Additionally, throughout the term of the grant, Calhoun County ISD will continue to meet regularly with all stakeholders to solicit feedback and modify the goals and objectives of the grant; thus, ensuring long-term support and commitment to the program.

**Part 4: Sustainability and Commitment.** Describe any ongoing, existing efforts that are similar or related to the planned project. How will you demonstrate a commitment to education for all homeless children and unaccompanied youth? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

***Program will be coordinated with related efforts using existing resources, facilities, and other appropriate community, state, and federal resources to maximize effectiveness of grant. (3 pts)***

The district will coordinate the grant program with multiple federal and state programs, as well as, similar or related efforts, existing resources, and facilities to better serve the need of their teachers and students. Last school-year, the district set-aside \$1,100 in Title I, Part A funding for homeless children. This funding was utilized to assist students in receiving the essentials needed to perform well academically. Some of these items included: pens, pencils, notebooks, etc. These items enabled students to participate in the classroom and become integrated into the regular education program. Additionally, for the 2017-18 school-year, the district planned a set aside of \$550. This funding will also be utilized to purchase academic essentials and ensure students are able to perform at their optimum level in school. Moreover, McKinney-Vento funding and federal/academic programs that are currently in place at the district will be coordinated to ensure grant funds are maximized.

Moreover, to ensure that the program continues after the grant period, the district will actively look for funding sources that help support and sustain this program over an extended period of time, as well as, coordinate efforts with other Title I, Part A programs (i.e. Special Education, Foster Care, Virtual School Network, etc.). The district's **plan for sustainability** will include an examination of what this grant initiative aims to sustain, barriers that prevent the initiative from accomplishing its goals, fiscal constraints, and its resources. The district will help sustain this initiative after the end of the program by enforcing a sustainability plan. The sustainability plan includes the creation of a Standard of Operating Procedures (SOP). and will include an active and careful examination of the following approaches to seek effective avenues to ensure that the program continues beyond the grant period: Make better use of existing resources; Maximize federal, state, and local revenue; Use of the instruction and professional development that was found to be effective during the grant funding period; and Use of the most effective policies and procedures that prevented homeless children from feeling isolated or stigmatized during the grant funding period; Create more flexibility in existing streams; and Continue building public-private partnerships.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

#	Evaluation Method/Process	Associated Indicator of Accomplishment	
1.	<b>Qualitative Data: Parent/Student Surveys</b>	1.	Positive feedback is received on teacher/parent/student interaction.
		2.	Positive feedback is received on teachers' instruction.
		3.	Positive feedback is received on community partnership influence.
2.	<b>Data: Evaluation of Students' Learning</b>	1.	Increase in the percentage of promotion rates in homeless children.
		2.	Report cards, classwork, and benchmarks demonstrate progress.
		3.	Increase in STAAR test scores.
3.	<b>Professional Development Feedback (EVAL Shows Effectiveness 2 pts)</b>	1.	Campus staff actively participate in collaboratives with the community partnerships.
		2.	A minimum of three campus staff PD trainings are offered.
		3.	Teachers are able to easily identify and assist in removing barriers faced by homeless children.
4.	<b>Classroom Observations</b>	1.	Student engagement increased in the classroom.
		2.	Increase in the homeless student attendance rates.
		3.	Data-driven learning activities are provided that increase STAAR scores.
5.	<b>Review Collaborating Partners Effectiveness</b>	1.	Partner with at least 3 community partners/social service providers.
		2.	Partners/providers provide at least 5 trainings a year.
		3.	Teachers integrate some of the items discussed and provided by partners into their instruction.

**Part 2: Data Collection and Problem Correction.** Describe the processes for collecting data that are included in the evaluation design, including program-level data such as program activities and the number of participants served, and student-level academic data, including achievement results and attendance data. How are problems with project delivery to be identified and corrected throughout the project? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

**Methods of evaluation clearly related to the intended results of the project. (3 pts)** The district will collect data that includes program-level data, as well as, student-level academic data. It will include objective performance measures and indicators of program accomplishment that are clearly related to the intended results. A wide range of evaluation instruments will be used to identify program accomplishments, refinements, or failures. Data collected will include: Increase in Attendance rates for Homeless Students; Increase in Promotion Rates for Homeless Students; Number of professional development trainings offered to teachers; and Number of programs/partners Calhoun County ISD has collaborated with to assist in the distribution of services to Homeless students.

**Evaluation design includes processes for collecting data, including program-level data. (3 pts)** Teachers will be asked to participate in surveys that will provide feedback on the instructional strategies, trainings, and activities that are provided to them and to the students. Furthermore, parents will also participate in surveys that will provide feedback on the teachers' instructional strategies and assistance they have been provided (reducing financial burden, increase in their involvement, etc.).

Classroom observations will also be conducted on a regular basis in order to provide the Principal and grant officials the opportunity to determine whether the trainings being provided are having a positive impact on the teachers' ability to engage students, increase participation, and improve student outcomes. Finally, the district will review student achievement results and attendance data, as well as, test results, report cards, graded classwork, professional development sign-in sheets, and STAAR scores to determine an increase in student academics.

**Formative evaluation processes outlined and addressed throughout the grant project. (2 pts)** Data collected will allow the district, campus staff, and parents the ability to determine whether the professional development trainings are positively impacting the students and teachers. **Problems identified and corrected:** Areas of concern will be discussed, and modifications will be made regularly to the proposed plan, as needed.

**Statutory Requirement 2b:** Describe how the proposed use of funds will facilitate the identification, enrollment, and educational success of homeless children and unaccompanied youth. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Under the McKinney-Vento Homeless Education Assistance Act, Calhoun County ISD has a designated a representative that is responsible for identifying, enrolling, and increasing the educational success of homeless children and unaccompanied youth. Below are the activities that this representative is responsible for and what category the activity falls under.

**Identification:** Contact community agencies who serve homeless populations to inform them of the resources that are made available to students; In-service district staff about who is defined as homeless under the federal McKinney-Vento Act; and Develop strategies to identify children (including preschool children) and youth who are unaccompanied and homeless;

**Enrollment:** Arrange transportation, Immediate student enrollment – even without required registration documents; and Payment of fees and other costs associated with tracking, obtaining, and transferring student records (i.e. birth certificates, immunization academic records).

**Educational Success:** Obtain educational tools or necessary school items (calculators, notebooks, etc.); Represent students in their desires and interests when enrolling the student into educational programs; Help students with educational program decisions when the student does not have a parent or legal guardian to assist them. with educational program decisions when the student does not have a parent or legal guardian to assist them.

**Statutory Requirement 2c:** Describe the extent to which the applicant will promote the meaningful involvement of parents or guardians of homeless children and the youth in the education of their children. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

One of the biggest challenges Calhoun County ISD currently faces is involving parents into student education. Therefore, to promote the meaningful involvement of parents or guardians, Calhoun County ISD first needed to identify the barriers within their particular communities that prevent parents from being more active in their children's education. Some of the barriers that were taken into consideration include: A language barrier; Transportation issues; Outside commitments and responsibilities, affecting the amount of time they are available; and Only hearing from the school when their child is in trouble or having difficult.

To address these barriers and promote parent involvement, the district will implement the following action steps to establish effective family engagement programs:

- Recognize that all parents, regardless of income, education level, or cultural background, want to be involved in their children's education and want their children to do well in school;
- Link family and community engagement efforts to student learning;
- Create initiatives that will support families to guide their children's learning from preschool through high school;
- Develop the capacity of school staff to work with families;
- Focus efforts to engage families on developing trusting and respectful relationships;
- Embrace a philosophy of partnership and be willing to share power with families; and
- Make sure that parents and school staff understand that the responsibility for children's educational development is a collaborative enterprise.

**Statutory Requirement 2d:** Describe the extent to which homeless children and unaccompanied youth will be integrated into the regular education program. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

As soon as they are enrolled, which should be a speedy process because Calhoun County ISD will not require the usual information to enroll homeless students, homeless children and unaccompanied youth will be integrated directly into the regular education program. The district will make this transition as easy as possible by providing students the school supplies they need such as: pens, paper, notebooks, binder, etc.

Additionally, due to the fact students will be entering straight into a classroom school environment after being homeless, the district understands that they might struggle academically. Therefore, Calhoun County ISD will implement Response to Intervention (RtI) approach that contains High-quality, research-based instruction matched to meet the needs of each student. This approach will enable Calhoun County ISD to tailor the academic program based on the needs of the student; thus, integrating the student into the regular education program easily and effectively.

Amendment # (for amendments only):

**Statutory Requirement 3a:** Describe the process for the development and preparation of the LEA's plan for coordinating services for eligible homeless children and unaccompanied youth using Title I, Part A reservations/set-asides. In the chart, include the actual set-aside for 2016–2017 and the planned set-aside for 2017–2018. For applicants applying as a SSA, provide set-asides for each LEA. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

**The process for the development and preparation of the LEA's plan for coordinating services for eligible homeless children and unaccompanied youth using Title I, Part A reservations/set-asides.** In order to develop and prepare a process that coordinates services with Title I, Part A funding, as well as, with **McKinney-Vento** funding, the district needed to meet with all stakeholders (teachers, superintendent, board members etc.) and determine a funding set-aside that was agreed on by everyone. By doing this, the district is able to ensure that all stakeholders remain committed to the success of the program. Throughout the term of the grant, the district will continue to meet regularly with administrators, teachers, and board members to solicit feedback and, if possible/necessary, modify the amount of funding; thus, ensuring long-term support and commitment to the program.

In the chart below, you will find the actual set-aside for 2016–2017 and the planned set-aside for 2017–2018.

	Reservation/Set-Aside Amount	Use/Activities
Actual Set-Aside for 2016–2017	\$1,100	In addition, Calhoun County setting aside \$1,100 in Title I, Part A funding, the district also did a large amount of fundraising for students that would qualify for Title I, Part A funds. In fact, the amount of funds that were raised at the beginning of the year superseded the amount of funding that was needed to assist the students. Therefore, the reservation funding did not have to be utilized and monetary donations were used to assist students in purchasing items that could include: pens, pencils, notebooks, etc.
Planned Set-Aside for 2017–2018	\$550	Due to the significant impact Hurricane Harvey had on the district's students, there was a large influx of monetary donations. Community members came together in the wake of the natural disaster to donate an amount of funds that superseded the amount of funding that was needed to assist students in purchasing items needed for school. Therefore, the reservation funding did not have to be utilized and monetary donations were the only funds that were expended. The donations, in place of the reservation set-aside, were utilized to purchase academic essentials and ensure students can perform at their optimum level in school.

**Statutory Requirement 3b:** How does the LEA determine its reservation/set-aside amount, how does the LEA assist staff in understanding the LEA's policy/procedure to support homeless students using these funds, and how does the LEA address the needs of homeless students in the Campus Improvement Plan? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

**How does the LEA determine its reservation/set-aside amount?** Calhoun County ISD took into consideration the number of homeless students enrolled, what services they wanted to provide, and how much money they could set-aside to address homeless students while still addressing the needs of low-income students.

**How does the LEA assist staff in understanding the LEA's policy/procedure to support homeless students using these funds?** Calhoun County ISD hold a professional development training annually. This training is led by the Homeless Coordinator and is inclusive of all staff that may be involved with the enrollment of homeless students. During this meeting, the district assisted staff in understanding the Calhoun County ISD's policy/procedure to support homeless students.

**How does the LEA address the needs of homeless students in their Improvement Plan?** Upon reviewal of the district's improvement plan it is easy to determine that Homeless students are intricate part to the district's plan for improvement plan. Some of the district's goals that are being targeted and how homeless students needs are addressed within these goals seen are: **Goal:** Provide learning environments that are safe and secure for all students, faculty, and staff. **How Need Will Be Addressed:** Identify and monitor homeless students to place into an appropriate program through personal contact. Activities will include providing: Mentors/Tutors; Parental Involvement; Career Fairs; Home Visits; In-school GED; A school Resource Officer; Mid Coast Counseling; and a Truancy Officer; and **Goal:** Develop and implement a parent and community involvement program that promotes all stakeholders as partners in the education of our students. **How Need Will Be Addressed:** Continue to address school, student, and community issues such as homelessness by providing training on identification and prevention of these issues.

The process or procedures that are utilized to identify and/or enroll homeless students and unaccompanied youth who: (a) are entering and/or returning to their schools from summer or holiday break, (b) become homeless after the school year has started, (c) are not currently enrolled or attending school, and (d) are eligible for early childhood and/or prekindergarten programs can be seen in the table below.

Category	Description of Policy/Procedure
Are entering and/or returning to school from summer or holiday break	The district assigns a Counselor and a Parent Liaison to establish a relationship with the student. Additionally, these individuals are tasked with monitoring attendance, grades, and determining/addressing any needs that arise during the school.
Became homeless after the school year started	For this type of student, the district also assigns a Counselor and a Parent Liaison to establish a relationship with the student. Additionally, these individuals are also tasked with monitoring attendance, grades, and determining/addressing any needs that arise during the school.
Are not currently enrolled and/or are not attending school	Calhoun County ISD currently employs personnel on every campus that will accompany school administrators on home visits to encourage school attendance.
Are eligible for early childhood and/or prekindergarten programs	To ensure these students are targeted, a district employee from each campus sends out information for these programs via social media, district/campus websites, and local newspapers.

Currently Calhoun County ISD offers various trainings to district personnel. With additional funding provided by TECHY Grant, the district plans on offering additional professional development (PD) training geared towards training individuals to properly address the needs of homeless students. However, the current trainings that are in place can as of now be seen in the table below:

Name of Training	Description	Administrative, Instructional, and Support Staff; or Service Providers and/or Community Collaborators
Calhoun County ISD In-district Training on Homeless Students	The district's Homeless Coordinator leads annual professional development trainings for faculty and staff. These trainings discuss the various policies and procedures that staff must follow when addressing homeless students needs.	This training is done for all faculty and staff.
Poverty Simulation	School and community members are invited to participate in a poverty simulation. This is utilized to keep the surrounding area abreast of the financial constraints faced by the community and school.	Administrative staff, service providers and community members/collaborators participate in this training.

**TEA Program Requirement 3:** Describe how early interventions and ongoing progress monitoring will be implemented to address the academic needs of homeless children and youth. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

**Early Interventions**

To ensure the district is intervening early for struggling students, especially those that are homeless, Calhoun County ISD will implement a Multi-Tiered Response to Intervention (RtI) Approach. This approach will consist of 3 tiers. The RtI approach will contain High-quality, research-based instruction matched to meet the needs of students and coordinated across each tier; Universal screening, and continuous progress monitoring of students' learning over time; Early interventions that increase in intensity; and Instructional decisions based on student data. Below is a breakdown of each tier and their purpose.

**Tier 1:** This tier will provide research-based instruction to the classroom as a whole.

**Tier 2:** This tier will provide instruction to a small group of students that are struggling. This can be provided to students before or after school.

**Tier 3:** This tier is an intensive individual-based instruction plan. This tier will be utilized for struggling students and can be provided before or after school, as well as, at home through homework assignments that are geared towards the items the student is weak in.

**Ongoing Progress Monitoring**

The National Center on Intensive Intervention defines progress monitoring as the repeated measurement of academic performance for the purpose of helping schools individualize instructional programs for students in grades K-12 who have intensive instructional needs.

Calhoun County ISD believes homeless children and youth fall under the category of having "intensive instructional needs". Therefore, the district will base their on-going progress monitoring strategies from the National Center on Intensive Intervention and implement the following activities to ensure they continue to provide homeless students on-going progress monitoring:

- Collect assignments weekly to assess whether student progress is adequate to meet the student's instructional goal;
- If the student isn't keeping up academically, the teacher (s) will adjust the instructional program to better meet the student's needs and continues to monitor progress; and
- If the problem persists, continue to individually tailor the instructional program to the student to ensure they have the best opportunity for academic success.

Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Currently, Calhoun County ISD provides on-going procedures to review, monitor, and implement academic support services in order to provide the most high-quality services for secondary homeless students. This includes the procedure to ensure students are on track for grade-level promotion, graduation, and college and career readiness. Below is a breakdown of the procedures that are in place to ensure the aforementioned items are attained:

**Review:** Review the homeless student's statewide assessment performance reports. The district Homeless Liaison reviews how the district coordinates its academic program with preschool programs and programs for unaccompanied youth, including community agencies. Also, review how many homeless students had an on-time graduation. This includes reviewal of any evidence that the district has expanded or improved academic support services provided as part of regular academic program.

**Monitor:** The district monitors the data and summary reports from the district and other community agencies that concern the educational needs of homeless children and youth. The district Homeless Liaison monitors the evidence that determines if the district annually reviews and revises the policies and practices that assist in enrolling homeless students into academic programs.

**Implementing Services:** Lastly, the district reviews bi-annually a description of the activities funded through the district and are provided to homeless students. An annual review is conducted to see how well the district and other community agencies coordinated their services to provide homeless students' academic programs.
